ACKNOWLEDGMENT

Humanitarian Organization for Poverty Eradication would like to extend its warm thanks to the generous contribution of our sponsors, dedication of our volunteers, and amazing support from our member and non member organizations and businesses here in Aotearoa - New Zealand and around the globe.

This continuous ongoing support has enabled us to continue to respond to the humanitarian needs and crisis and deliver our services by reaching out to the vulnerable groups in society. We have responded to many heartbreaking situations and reached out to many of those who have been facing hardships and have been the victims of poverty, exclusion, discrimination, or any other contributing factors

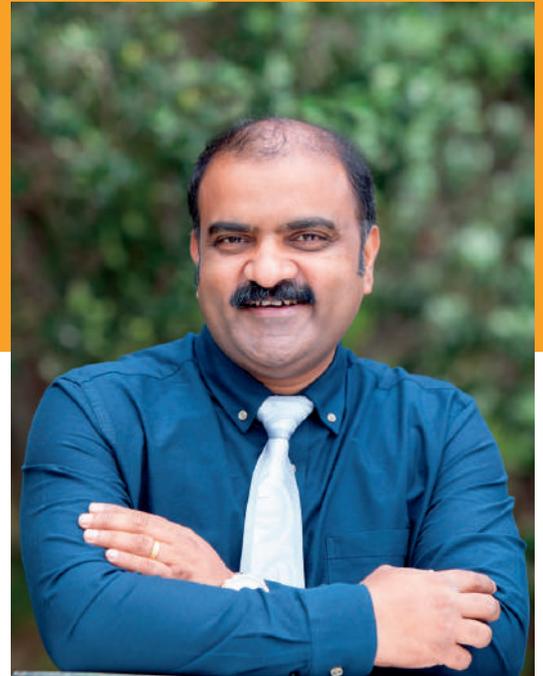

The HOPE team acknowledges the support from all our corporate supporters, individuals, groups, charities, and businesses who provide their service free of charge and resources such as non- cash support like, food items, like clothing, shoes, educational material and often have provided venues or directly given funds to accomplish our activities.

Our "supporting and delivering services" structure has enabled us to build a stronger relationship with our partners/supporters and members of the communities on the ground, giving us greater insight into the nature of the needs of our target groups.

A Message from the Director

Dr. Khurram Malik
Founder/Director

I am privileged to be surrounded by loyal, dedicated and committed team, which makes things happen even though COVID-19 pandemic has brought many challenges. I feel even more blessed, having such a dedicated, enriching, and strong team around me, which keeps me motivated. I owe them a debt of gratitude.

A big thank you to all our volunteers, members, supporters and professionals around the world, who in spite of the challenges impersonated by the pandemic, live our values and continued to support in delivering our services.

Thanks to The Foundation North, Ministry of Social Development, Lottery Community and Ethnic Communities Development Fund for providing financial resources to implement the organization's programs and objectives. These funds have significantly improved the effectiveness of our programs during and post pandemic and reached out to many families during and post to the unrepresented times.

HOPE has expanded to the South Island for the first time and established a branch office in Masterton. The Masterton branch intend to support the families with their social needs including housing, MSD, driver license program, social connections, health and wellbeing. Masterton is a strategic city as it is one of the 10 new resettlement locations the government has identified.

HOPE's work has always been strategically aligned to the 17 Sustainable Development Goals (SDGs) set out by the United Nations (UN). The global agenda for development aims to end poverty, protect the planet and ensure prosperity for all by 2030.

HOPE in its work strives to bring about the positive change envisioned in the SDGs. Most of HOPE's development and humanitarian relief programs are multidimensional; with our focus areas, designed to work across sectors and contribute to multiple SDGs simultaneously.

HOPE supports the key outcome areas of the New Zealand's migration strategy's, such as, Employment, Education and skill training, English language, Inclusion, and Health & wellbeing. We bring families, communities, and cultures together by encouraging people and families to learn about each other and about Aotearoa New Zealand.

Throughout this financial year we have hosted community meals, skills development, cultural events, and outings for our communities to meet and connect with others who also chose Aotearoa New Zealand for a better life for their whanau.

I am very pleased to share that HOPE has been officially recognized and accredited to participate and contribute at the First International Migration Review Forum 2022. In order to build momentum for the review of the implementation of the Global Compact on Migration objectives (GCM), we will produce material, technical notes, capacity building and safe migration promotional material for safe and orderly migration to support Smooth and safe integration of migrants and refugees.

HOPE may bring a tangible difference to the lives of not only migrants, refugees ,asylum seekers and their communities but also we are deemed to work with anyone without regards to their ethnicity, race, color, gender, religion, or belief.

Fostering Manaakitanga and Whakawhanaungatanga

Here at HOPE in New Zealand we strive to make our communities better by empowering anyone within them to realize their best potential.

We are a not-for-profit organization working to improve the lives of former refugees, asylum seekers, and immigrants as they find their place within Aotearoa New Zealand vibrant communities.

Driven by the Māori processes of **Manaakitanga** – showing respect, generosity and care for others – and **Whakawhanaungatanga** – establishing relationships, and relating well to others – we provide a range of services, initiatives and events for anyone in Auckland seeking food, financial support, advice or simply connection.

Who we are

HOPE is a non-governmental and not-for-profit organization, Incorporated under the Charitable Trusts Act 1957 and a Registered Charity under the Charities Act 2005 in New Zealand.

HOPE is a faith-based Humanitarian Organization working towards Poverty Eradication. The organization works to empower the marginalized and deprived communities enabling them to fight for their rights and support them through providing opportunities, advocacy and empowering to become an effective part of the society.

What we do

We provide pro-social, practical and psycho-social assistance to vulnerable people, foster connections and collaboration between communities, and educate the wider community of the basic core needs, strengths, and thrived living. We are inclusive to the vulnerable groups of malnourished women, children, indigent families, and rural communities.

Where we work

HOPE has its head office in Auckland-New Zealand. All funds , donations and grants received in New Zealand are solely used in New Zealand for charitable activities. HOPE provides services in Pakistan and Thailand with different resources and accountability.

Vision

“Empowering the Marginalized”

To promote inclusive society enabling every individual to enjoy basic human rights irrespective of gender, race or religion.

Mission

HOPE’s mission is to promote and safeguard the fundamental human rights of vulnerable groups including migrants, asylum seekers and refugees in New Zealand and in the wider-world, whose lives have been traumatized by disasters, poverty, persecution or discrimination.

Strategy

HOPE targets its activities towards advancement in education, poverty alleviation, human and civic rights advocacy and awareness, through participatory approach and community development leading towards safer and healthier society

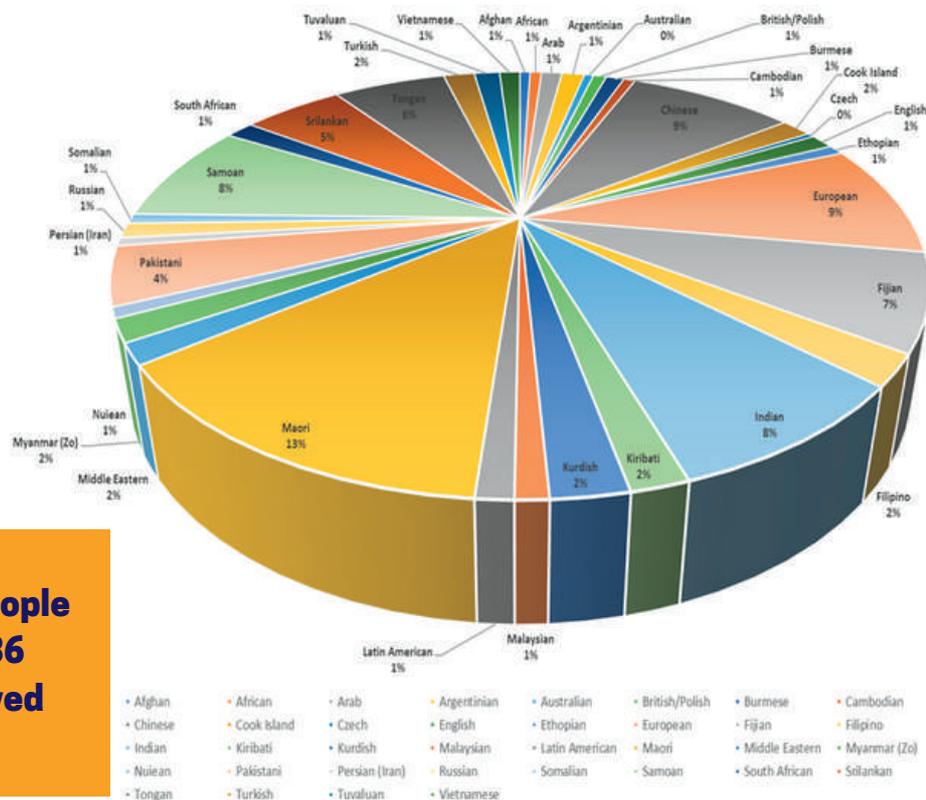

Our activities

- Food Bank
- Community Meals
- Community BBQ
- Cultural Events
- Climate Change Awareness
- Eco Friendly Bags and Packaging
- Use Waste to Minimise Waste
- HOPE Sustainable Solutions Program
- Waste minimization workshops
- ZOOM and Online Sessions
- First Aid Trainings
- Health and safety workshops
- Driving Licence
- Fundraising activities
- Te Tiriti o Waitangi workshop
- Soap Making
- Candle Making
- Bush Walks
- Psychosocial Support
- Community Outings

Food Watch Program

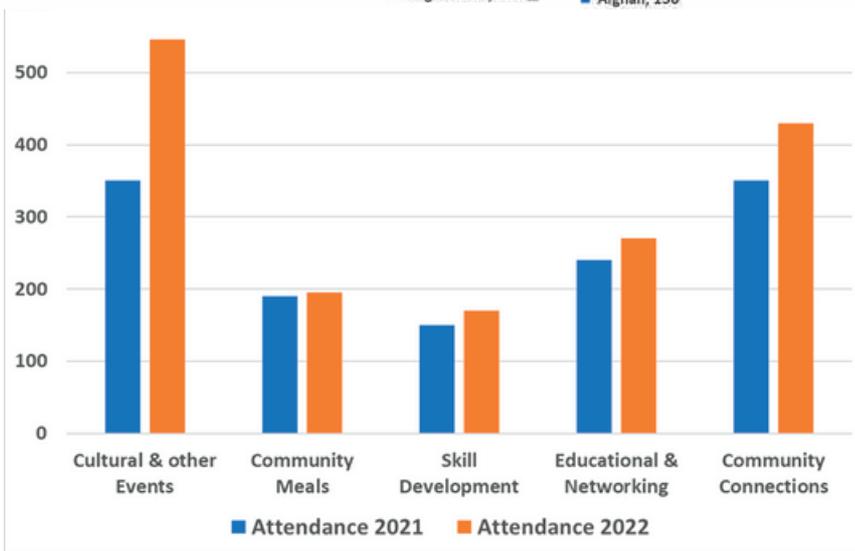

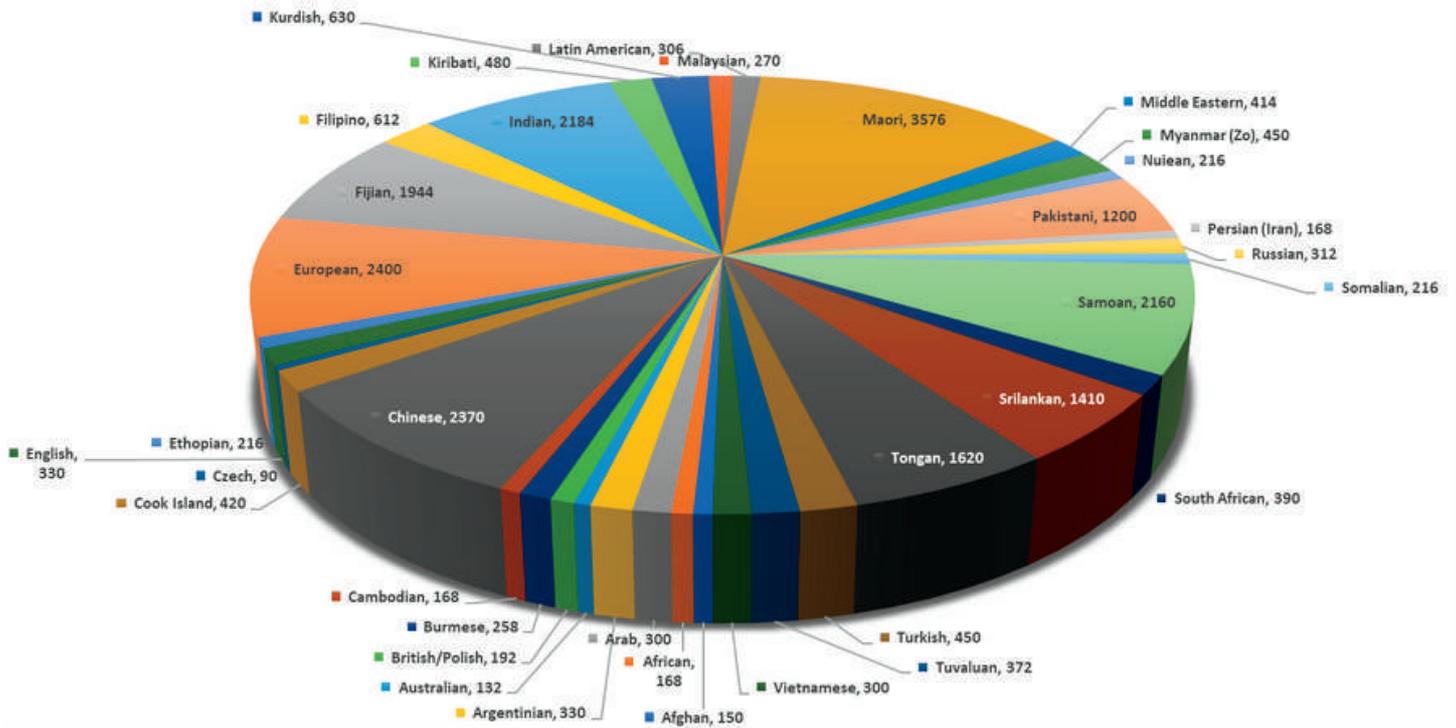

Food is basic human necessity. HOPE has used Food Watch program to minimize families starvation. As Covid impacted so many families, the program improves the mental wellbeing of the whanau affected by the pandemic. A vote of thanks goes to our volunteers who used their own cars to deliver food to the families that have no means of transport. HOPE would like to appreciate Bread & Butter, Fair Foods and other businesses that have given us a helping hand during these unprecedented times.

Diverse group of people from more than 36 ethnicities received support

Statistics , Measuring Support

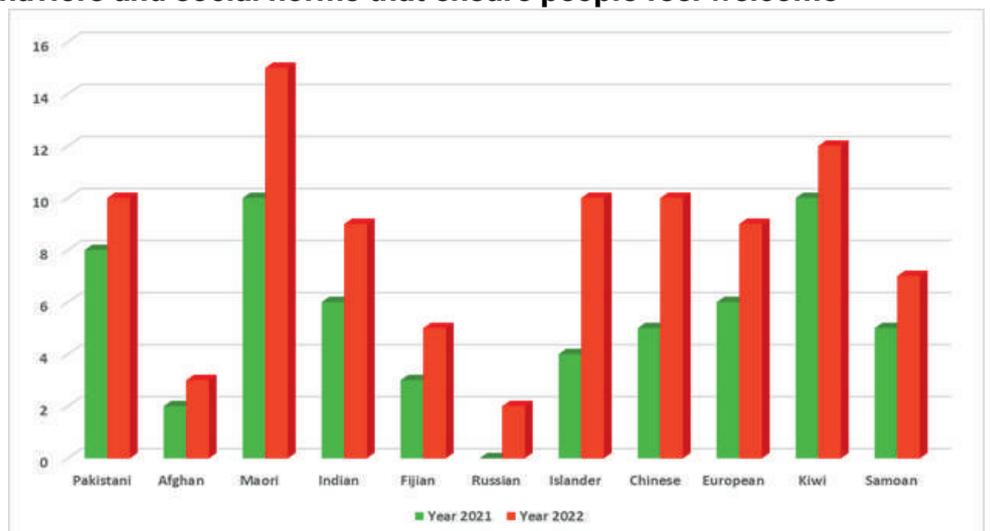

Number of meals delivered to families during challenging times

Volunteers growth and expansion of support network

- Diversity refers to the traits and characteristics that make people unique
- Inclusion refers to the behaviors and social norms that ensure people feel welcome

Our team of diverse professionals with many different skills, makes our job easier and creates a pleasant environment

Food Watch Program

Social Inclusion Program

HOPE's Social Inclusion Program brings families, communities, and cultures together. It encourages people and families to learn about each other and about Aotearoa New Zealand. It is a great space to express joy, boost confidence and achieve aspirations. It is a wonderful place to meet and connect with people from other parts of the world who decided to leave their country of origin and come to Aotearoa New Zealand in search of better life for their whanau.

Social Inclusion Program is designed to build connections,, improves mental wellbeing, raise confidence and self-esteem of the community members.

The trainings, activities and programs are well gender, age, and ethnic balance. More than thirteen ethnic communities engaged and reported enhanced community connections, confidence and emotional wellbeing.

Our activities promote the community wellness by bush walk, beach walk, picnics, community BBQ, and outdoor games like cricket, soccer and other activities that includes physical movements and positive engagement with others.

Our Culture Our Identity

our cultural events show case our diversity and our cultures. As new kiwis from migrant backgrounds, connect with tāngata whenua, it not only helps to learn T Reo, but also leads to access many other opportunities while discovering commonalities. This year we hosted 4 cultural events.

We are bound by the principles of Te Tiriti o Waitangi (Treaty of Waitangi) as New Zealanders irrespective of race, gender, ethnicity, country of birth, religious or political associations. HOPE intends to provide opportunities for new migrants and former refugee families to learn about Te Reo Maori and encourage families and individuals to learn about the Treaty of Waitangi as a founding document of Aotearoa- New Zealand.

First Aid Training for Communities and Bush Walks

PSYCHOSOCIAL SUPPORT PROGRAM

Psychosocial support is a tool for community outreach. Using this, means to connect communities, HOPE responds to the needs of former refugees, migrants and asylum seekers families and individuals who are disconnected from the society.

HOPE also reaches out by offering specialized services to the families with little or no other means of support. The program helped HOPE to create a transport system to lift burden from the families that have no means of transport when they go for GP visits or go shopping or to vaccination centers.

Psychosocial support promotes overall health and wellbeing activities. HOPE provided face masks, health, hygiene kits to the families; conducted webinars on health education and also offered Covid-19 support (food delivery to the families in self-isolation).

A vote of thanks to our volunteer social workers, mental health professionals and community connectors for their commitment, dedication and in implementing the Psychosocial Support Program (PSP).

SOCIAL CONNECTION EVENTS

World Social Workday

The theme: 'Co-building a New Eco-Social World: Leaving No One Behind'

HOPE acknowledges and appreciates the social workers for their resilience, dedication, hard work and commitment to make a difference in the community. Every year, HOPE celebrates World Social Work day by engaging social workers and appreciating their work. Social Workers from diverse backgrounds and ethnicities were acknowledged and medals of appreciation were awarded.

World Refugee Day

This is a day to look back and reflect on the painful journeys experienced by those who escaped war, and people with the well-founded fear of persecution based on religion, ethnicity, gender or sexual orientation. World refugee day is a global event which is commemorated on 20th June every year. HOPE, as a humanitarian organization and a human rights believer, considers this day seriously and uses it to connect communities, share stories and appreciate the success experienced by the people from the lived experiences.

Zoom Meetings

We have come to acknowledge that Covid-19 will not go away but we need to live with it. We lessen the spread by vaccination, adherence to health protection guidelines as advised by New Zealand Ministry of Health. We worked remotely to minimize the spread. During the Covid-19 restrictions, HOPE encourages staff and volunteers to meet remotely to minimize transmission.

Zoom meetings helps us to connect with our local and international links. Zoom allows us to deliver some of our community empowerment trainings to our refugee and asylum seeker communities in Pakistan, Thailand, Sri Lanka and Indonesia.

Community BBQ

Community outings like BBQs, bush walks, exposure to nature enable families to have their voice heard and have access to have their ends meet.

HOPE exercised Whakawhanaungatanga, Manaakitanga, Awhinatia and Tautoko for Food Watch Program and a Social Integration and Support Program which is not only assisting former refugees and asylum seekers, it encompasses and includes the many other isolated and vulnerable group of people (mainly senior citizens , Maori ,Pacifica and Ethnic Communities) to overcome obstacles and barriers.

Storytelling and engagement through food keeps us connected. Our community is rich in diversity, and we want to maintain it in any way possible. BBQ events are our way of maintaining our diversity. We reduce isolation and barriers to integration although this year has been a difficult one due to the Covid pandemic.

Families socializing and having fun , making new friends

ENVIRONMENTAL SUSTAINABILITY

Supporting families
Minimizing waste

Kai Ika (Kai means Food and Ika means Fish the in Maori language) this is a new partner with whom we have been collaborating to connect communities through fish head distribution. The collaboration reduced food insecurity, and minimized wastes.

To reduce environmental impact, we promote the usage of reusable bags rather than plastic bags and encourage people to use recycled materials.

HOPE addresses food insecurity in vulnerable communities by rescuing good quality food , fish heads and filleting leftovers that could go to landfill .

HOPE proudly collaborates with The Kai Ika project and every week we receive roughly close or more than **200 KG** fish head and body leftovers and these are given to families to make use of these surplus fish parts.

Families reported that they enjoy making soup and different dishes. Families also expressed their thanks and told that due to the high price of fish and meat, these foods are not affordable and they are very thankful.

Educational Workshops and Awareness Campaign

HOPE incorporates climate change into its operations in accordance with New Zealand's climate change policy, which is aligned with the Paris Climate Change Agreement signed in France in 2015.

HOPE encourages families to minimize climate impact by using reusable shopping bags when families come and pick their food parcel and do their daily grocery shopping. HOPE hands out recycled bags to families that have a limited food budget.

We have set up a plastic bag recycling depot at our base. We encourage families to bring in their old ones for recycling, after they've re-used them several times.

Workshops topics

- Make your own reusable bags
- Encouraging for maximum use of bags
- Bringing plastic bags

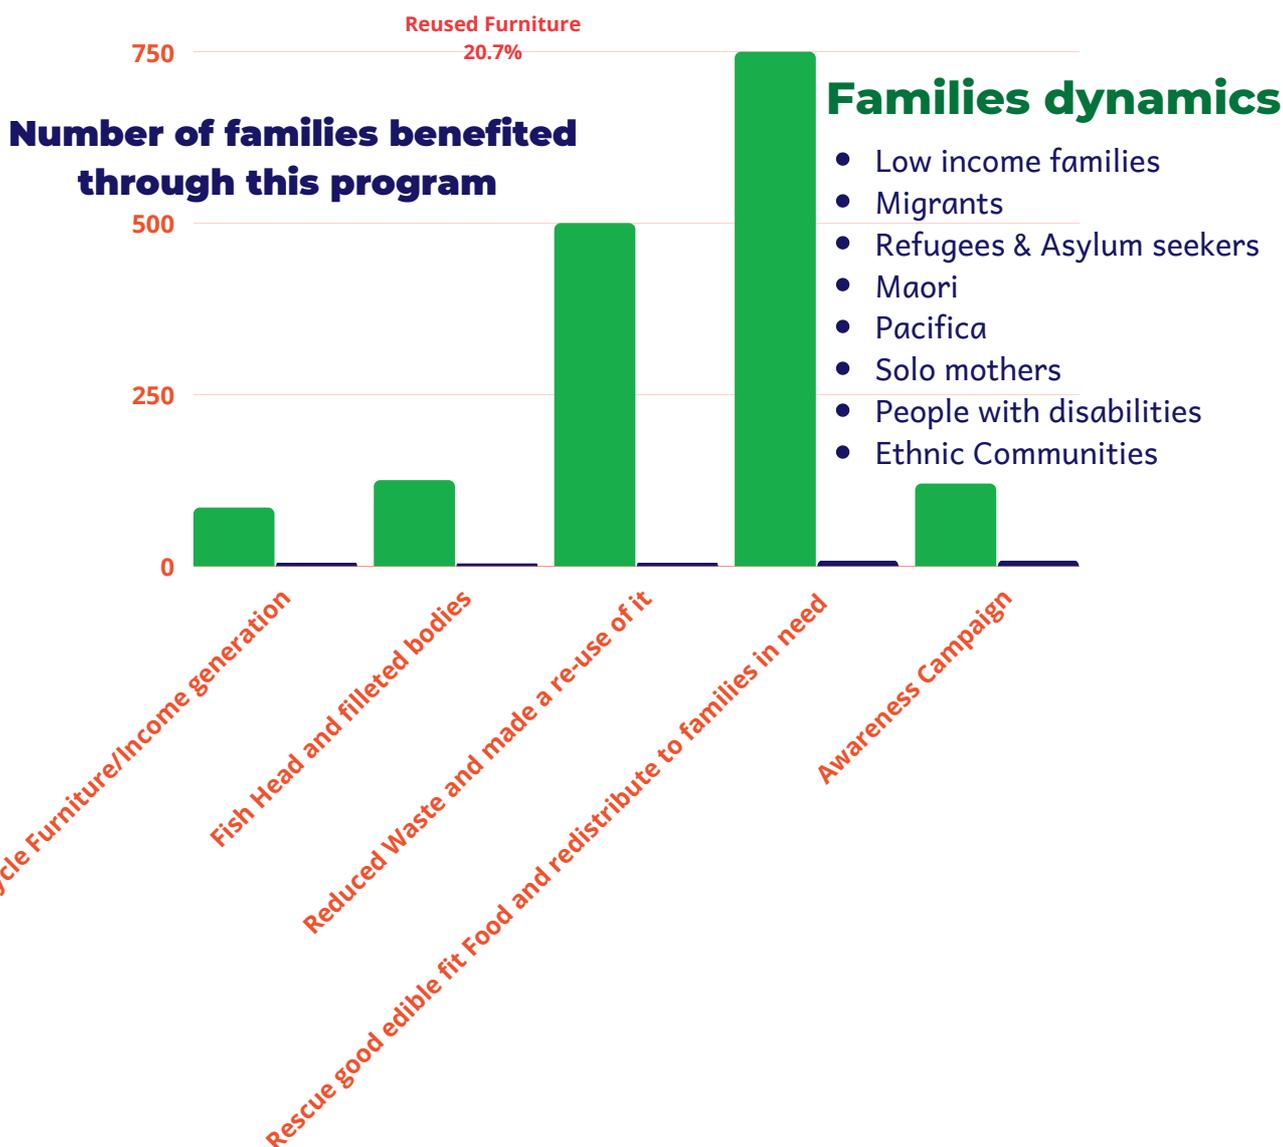

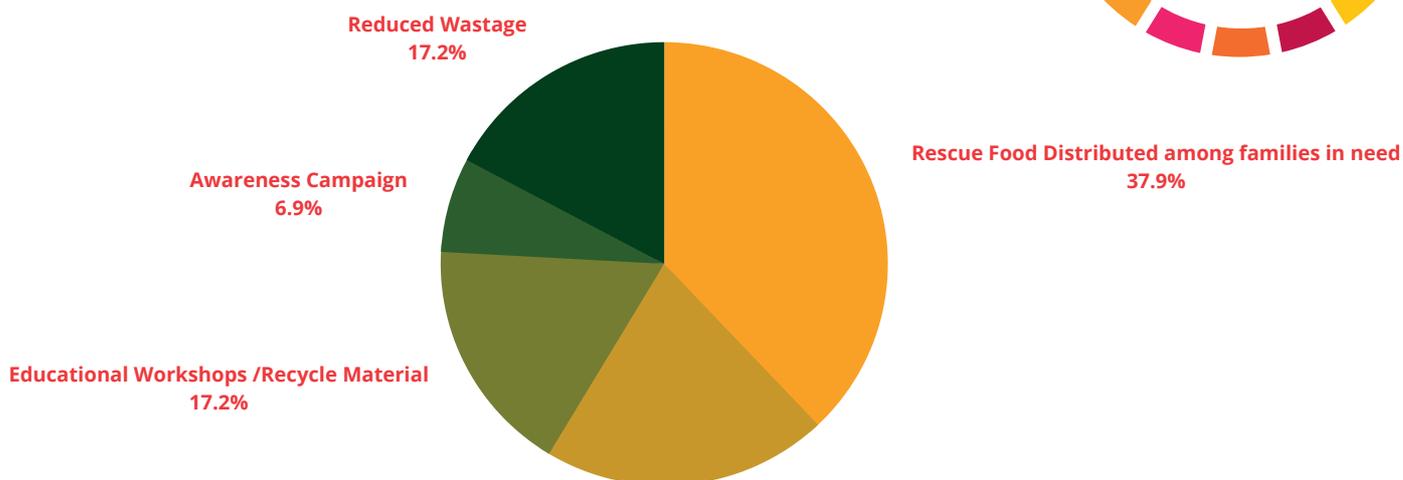

Measuring Outcomes

Rescue good Food , Fish head and filleted bodies , Promote maximum utilization , Reduced wastage , Educational Workshops and Awareness Campaigns.

Total of 345 ,000 KG diverted from landfill

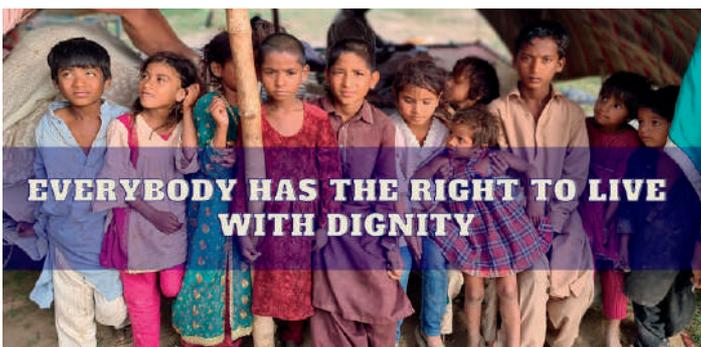

HOPE Chapter in Pakistan

Our international activities operate with separate resources and accountabilities. HOPE has a team of volunteer coordinators, based in Pakistan to share responsibilities and to widen our ability to maintain the range of meaningful and continuous services. HOPE intends to continue its charitable activities through our registered member organizations or implementing partner organizations those have completed membership processes or signed Memorandum of understanding.

2022-2025

About the Team

HOPE is led by five board members (Dr.Khurram Malik, Nasim Gill, Maria Kastler, Rex Wilmshurst and Nuuasala Lopesi). We have a dedicated team of volunteers who help to continue day to day activities and when required, also at our events and programs . Our diverse group of volunteers offer different skills to support communities.

Dr.Khurram Malik

Registered Social Worker who dedicates his work advocating against social injustice and responds to humanitarian needs of the communities. He values Integrity, reliability, accountability, ethics and is mindful of personal and professional boundaries.

Ms.Nasim Gill

Member of the governance board of Hope Worldwide-Pakistan, she devotes her time connecting to the community by delivering food packages to the families affected by Covid -19 pandemic. As a mother of three, Nasim easily connects with families as she understands their needs.

Ms.Maria Kastler

Registered social worker who volunteers for Hope Worldwide-Pakistan. Besides her social work activities, Maria offers her free budgeting advice to the families. She doesn't mind giving budgeting advice to the communities even though her schedule is tight because she does not like families to be in debt.

Rex Wilmshurst

Teaching passion (B.ed.) and has turned his communication skills into photograph and video making. He believes that we must encourage all people to live in harmony with how we are created to live best. Rex loves music, dance and family.

Nuaasala Lopesi

Qualified social worker. who volunteers with Hope Worldwide-Pakistan. An ethnic Samoan, Nuaasala is a community organizer, connects communities and assists in social inclusion programs and projects. In her free time, she enjoys cooking travelling, meeting new people, builds and values friendships.
